

Job title

Caterpillar 777 Haul Truck Driver

Reports To

Area Manager

About Duz Cho Group of Companies

We are a proudly Indigenous owned company, best known for our focus on consistently delivering industrial expertise to natural resource projects within our Traditional Territory and beyond. We operate our businesses to provide sustainable employment to support our community, and to earn respect from our key stakeholders.

About the Role

Duz Cho's future is looking bright, we just got awarded another project at Mt. Milligan mine, and this has opened another opportunity within our past paced team for a talented individual. This position entails safely operating an off-road CAT 777 Haul Truck. This is a specialized position that requires skill in efficiently and safely operating equipment and trucks. The work is carried out according to the supervisor's guidance, with minimal direct supervision except for complex tasks. Haul Truck Drivers are accountable for cleaning, maintaining, and securing their equipment.

Duties

- Operate haul trucks to transport and /or stockpile raw materials, like blast rock from Mine Pit to various Stockpile locations.
- Maneuver haul truck into loading or unloading positions, following signals from loading units and unloading units.
- Performs daily safety and maintenance checks.
- Maintain and turn in daily records of loads hauled and equipment inspections.
- Use hand-held mobile radio units to coordinate tasks and resources.
- Operate haul trucks in a safe and effective manner to minimize the risk of injury, property damage or loss of life.
- Clean truck cab daily.
- Maintain the haul truck and advise supervisor of any requirement for maintenance or repairs.
- Report any damage immediately to supervisor.
- Use the haul truck for its intended purpose with little or no assistance.
- Ensure trucks and equipment are safely and securely stored.
- Help identify hazardous conditions on the job site.
- Ensure adherence to safe work practices and procedures.
- Other duties as assigned.

Qualifications & Skills

Education and/or experience:

- At least two years of experience on off Road Articulated Rigid Frame Dump Trucks (777/793)
- Equipment safety.
- Working on an active construction site.

Skills, knowledge, and Abilities:

- Knowledge of and ability maintain truck/equipment and follow related procedures.
- Ability to adjust the controls of a haul truck quickly and repeatedly to an exact position.
- Ability to see details at a distance and close range.
- Ability to judge the distance between you and other objects.
- Ability to communicate information in writing so others will understand.
- Ability to effectively understand and communicate verbally with others.
- Ability to understand and follow written and verbal instructions.
- Ability to work independently or as a team member successfully.
- Ability to ensure that proper safety and incident reporting procedures are followed.
- Ability to meet project schedule with dependability and consistency.
- Ability to function daily without your cellphone, absolutely no cellphones allowed on site.
- Ability to wear protective clothing.
- Ability to successfully complete a Pre-Access Drug and Alcohol test.
- Norcat Training will be provided.

Schedule

14 days on, followed by 14 days off.

Rotation starts on Wednesday's and ends on Tuesday's.

Travel & Accommodation

Camp accommodation and transportation provided from Prince George Airport to Mt. Milligan camp for eligible non-local candidates.

Wages

Based on experience and skills, ranging from \$39 to \$41 per hour.
