

Job title

Automotive Service Technician Apprentice

Reports To

Equipment Superintendent

About Duz Cho Group of Companies

We are a proudly Indigenous owned company, best known for our focus on consistently delivering industrial expertise to natural resource projects within our Traditional Territory and beyond. We operate our businesses to provide sustainable employment to support our community, and to earn respect from our key stakeholders.

About the Role

We are looking for a talented Automotive Service Technician Apprentice to join our team. The successful apprentice must be hardworking, driven, and able to work in a team environment or independently. Be self-motivated and have a genuine desire to get the job done in a professional, safe/efficient, and accurate manner.

Duties

Work under the supervision of Journeyman Automotive Service Technician to:

- Inspecting, troubleshooting, and repair fleet vehicles.
- Performing routine preventative maintenance tasks for Duz Cho's truck fleet and auxiliary equipment fleet; including oil changes, breaks, tire rotations, inspections, etc.
- Diagnose and repair mechanical issues with vehicles and equipment.
- Conduct thorough inspections to identify potential problems or hazards.
- Recommend repairs as required, warranty repairs as per specifications.
- Maintain high quality of workmanship, maintain tools, equipment, and shop, and diagnose problems using proper procedures.
- Perform work as outlined on work orders.
- Must be able to compile a detailed list of repairs and service that the vehicle would require.
- Collaborate with team members to ensure timely completion of work orders.
- Maintain cleanliness and organization of shop.
- Checking and repairing the brake, electrical, and hydraulic systems.
- Testing all systems and equipment for performance issues.

Qualifications & Skills

- Automotive Service Technician Apprentice 2nd, 3rd or 4th Year.
- Interest in gaining knowledge of vehicle systems, such as hydraulics, air brakes, and electrical systems.
- Strong knowledge of automotive systems and components.
- Proficiency in using diagnostic tools and equipment.
- Excellent problem-solving skills, attention to detail and ability to follow instructions.

- Strong communication skills to effectively communicate with team members.
- Ability to work independently as well as in a team environment.
- Class 5 Driver License with clear drivers abstract.

Schedule

- Full-time position with a 7 on 7 off rotation, working 12-hour shifts.

Wages

- Overtime compensation for any hours worked beyond 8 hours daily.
- Comprehensive benefits package available after three months of employment.
- Hourly wage based on experience, ranging from \$32.50 per hour to \$45 per hour.
